Children’s Services Associate

Upper Valley Haven, White River Junction, VT 05001

The Upper Valley Haven is looking for a Children’s Services Associate to help support and foster growth and resiliency in children. In the Haven’s afterschool and summer programs, you’ll gain valuable skills and experience mentoring children with complex needs. If you like to play games, laugh out loud and just have plain old fun, this position will deliver!

This position is part of the Vermont Housing & Conservation Board AmeriCorps (VHCB AmeriCorps). The VHCB AmeriCorps program supports the innovative dual-goal approach to creating stable affordable housing opportunities for Vermont residents while preserving the natural and working landscape. VHCB AmeriCorps is a national service program that places members with non-profit housing or land and energy conservation organizations around the state.

The Upper Valley Haven services people struggling with poverty by providing shelter and education to those that are homeless and food, clothing, and support to anyone in need. All Haven services are provided free of charge. Since 1980, the Haven has fostered independence by providing resources through our shelter advocacy, aftercare, and educational programs.

The Haven staff work in partnership with each family or individual staying in the shelters. The work involves supporting families and individuals to establish short- and long-term goals and the steps needed to achieve them. Staff members also work in partnerships with area agencies to coordinate efforts to reach these important goals.

The Haven’s food shelf provides a week’s worth of healthy food to anyone in need. In 2021 the COVID pandemic continued to have a significant impact on individuals and families, but the Haven kept supporting the community. COVID caused the Haven to make changes and adapt to maintain a safe environment, but the supportive services and work continued all of 2021. After implementing safety protocols in 2020 to the present, 84 households received placement services and 31 individuals/families transitioned into safe, affordable housing. The Haven’s Children’s Program provides academic support, enrichment programs, and mentoring to homeless and at-risk children and youth. In 2021, the programs had smaller numbers of children to maintain a safe environment and to complete licensing requirements for the state, but the small group the program served benefited from the adult attention, creative programming, and opportunities to build trusting relationships with staff. During the summer of 2021, we were able to provide support and creative programming to 16 children ages 5 to 13. This programming included therapeutic horseback riding, kayaking, fishing, swimming, art classes with AVA Art Gallery, cooking with King Arthur Baking Company, workshops with Montshire Museum, and presentations by VINS Nature Center. We would be unable to operate these programs without extensive volunteer support. In 2021, the Upper Valley Haven had 550 volunteers giving 18,796 hours of service. The program with the most volunteers is the Food Shelf with 327 volunteers giving 11,836 hours of service to 2,713 people in the community. Volunteers touch 16 programs across the organization and are crucial to our success.
Guided by the faith of our founders, we:

- Welcome all who enter our doors as equals, respecting their dignity and accepting them without judgment.
- Encourage those we serve to develop the capacity for independence.
- Are thrifty with our resources, generous in hospitality, and responsible to the communities that support us.
- Welcome all who are willing to join us in service to our neighbors.

The objective of the Children’s Services Associate position is to aid the Children’s Program Coordinator in expanding the Children’s Service Program to provide more development and enrichment opportunities for youth and their families. Our Afterschool Program and Summer Youth Program have been very well utilized. We are very interested in the continued facilitation of our programs for toddlers, pre-school-aged children, and their families. Development of programming in the family shelter to provide new opportunities for families and their children. In order to sustain and expand the children’s programming, the Children’s Program Coordinator would benefit from assistance in program implementation. It would also be the role of the Children’s Services Associate to work with volunteers to facilitate the additional enrichment programs to ensure program sustainability. We would also like the Children’s Services Associate to work with the staff to help facilitate sustainable programming for the children in the family shelter.
